Ministry Background:

In the hills just south of Sisak is a 40-acre camp called Zelena Dolina. The campgrounds contain woods, ponds, hillside and a valley. This beautiful site is used for a retreat center for the Baptist Churches in the area. Their hope and plan is to expand the facilities, so that they can reach youth (aged 10-30) with the Gospel. The potential is there: lots of room for winter and summer sports, easy access from the capital (Zagreb), and room for expansion.

The only permanent structure was destroyed during the fighting from the breakup of Yugoslavia in the early 1990's. The government has donated 60,000 Euro for materials to rebuild this structure.

Teams are needed for the manpower, as well as for work on new buildings.

Description of Work:

The entire main building must be rebuilt. This building will hold the dining hall, meeting hall, and shower/WC area. The only existing buildings require a lot of work to insulate, bring full electrical service, and use year round. Additionally, there is much to do on the landscaping: soccer fields, parking lot and driveway, additional pond for swimming, and clearing forest for more cabins.

Workers needed for:

The camp needs individuals who can come on organized work teams to work in the following areas:
