Mission Statement:

The Baptist Church of Grobina is located on the west coast (Baltic sea) of Latvia, not far from the city of Liepaja. It was started by Latvians many years ago, and currently is led by a Latvian pastor, Latvian elders, and assisted by Greater Europe Mission personnel. The GEM couple, the Bourbeau's, have a vision to work among the young couples and youth of the area. This is currently the "lost generation" for the church in Latvia.

Front of the church

The property desperately needs to be upgraded, so that they can provide a nursery for the young families, as well as Sunday school rooms for the children and a youth hall for the teens. They would like to build a kitchen and fellowship hall, for outreach into the community. Additionally, the current parsonage is too small for a married pastor. They would like to improve that facility, so that they can attract a married (long -term) pastor for the church - **doesn't fit with Miss. Statement**

Description of Work:

The main sanctuary is having a new floor put in, which we hope will be all finished by the end of 2004. Next comes the remodeling of the ceiling and walls in that area, then the remodeling of the floor, ceiling and walls of the second floor. The WC areas need to be gutted and rebuilt (to modern standards), the kitchen and fellowship hall expanded, and the parsonage re-worked, taking some of the older rooms next door and adding them to that part of the building.

Workers needed for:

The church needs individuals who can come on organized work teams to work in the following areas:
