Mission Statement:

In 2001 the Fundacja Proem purchased a 100- year old property in central Poland. It was originally built as a summer retreat for a rich family, with boating on the local river. When one of the children drowned there, the family sold the property and it has changed hands many times in the past 90 years. Mostly it has been used as a retreat center for large firms or communist unions. Proem has started as a church plant nearby, and the center is used by a wide variety of evangelical organizations throughout Poland.

They can house close to 250 people in the summer, and would like to winterize more of the cabin space to enable them to host large gatherings year round. The summer lean-tos can host 50 individuals in a rustic setting, the main "hotel" It has boating, archery, shooting, 4 outdoor basketball courts, an asphalt soccer field, full weight room, game room with pool and table tennis, and much more.

The entire property is being renovated. The existing villa requires a new roof, scrapping and painting of wood exterior, and interior construction. The camp has planned a new extension in the attic of the "hotel" building to accommodate the new staff needs. They also want to put in a full size soccer field, as well as an indoor gym.

Workers needed for:

The camp needs individuals who can come on organized work teams to work in the following areas:
